TICKLED PINK® HYDRANGEA

Hydrangea paniculata "HYPMAD II" PP18,500

You'll be tickled pink by the extraordinary flowers on this hydrangea. Each bloom is completely covered by the sterile flower petals and each petal re-curves giving the blossoms a full, frilly, lacy appearance. The blooms start out white before turning rosy pink. The habit is upright and compact with a height of just 4-5', so there is room for this beauty in any garden.
