ADDENDUM NO. 1
CITY OF PLYMOUTH
CONTRACT DOCUMENTS
FOR
KILMER PARK STREET RECONSTRUCTION PROJECT
CITY PROJECT NO. ST189001.001

To Whom It May Concern:

The contract documents for this project has been modified as follows:

1. Bid Opening Date
 - a. The Contractor shall replace Bid Form 1 with "revised", attached. The following items were revised:
 - 1) The original Bid Opening Date of Thursday, April 5, 2018 at 10:00 am has been changed to Tuesday, April 10, 2018 at 10:00 am.
2. Supplementary Conditions
 - a. The Contractor shall replace Supplementary Conditions page SC – 2 with "revised", attached. The following was added as a part of S.C. 7 – Specifications under 0110 – Mobilization.
 - I. A permit is required from the US Army Corps of Engineers prior to installing storm sewer from APR 52A to APR 53A, APR 58 to APR 60, as well as working in each of the three ditches in Phase B. The City has applied for permit and approval is expected prior to 8/1.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Payne", with a long horizontal flourish extending to the right.

Mike Payne, PE
Assistant City Engineer
(763) 509-5538

BID FORM

PROJECT IDENTIFICATION:

**KILMER PARK STREET RECONSTRUCTION PROJECT
PLYMOUTH, MINNESOTA
CITY PROJECT NO. ST189001.001**

BIDS TO BE OPENED:

TUESDAY, APRIL 10, 2018

10:00 a.m.

THIS BID IS SUBMITTED TO:

**CITY OF PLYMOUTH
3400 PLYMOUTH BOULEVARD
PLYMOUTH, MINNESOTA 55447**

BID SUBMITTED BY: _____

1. The undersigned BIDDER proposes and agrees, if this Bid is accepted, to enter into an agreement with OWNER in the form included in the Contract Documents to perform and furnish all Work as specified or indicated in the Contract Documents for the Contract Price and within the Contract Time indicated in this Bid and in accordance with the other terms and conditions of the Contract Documents.
2. BIDDER accepts all of the terms and conditions of the Advertisement for Bids and Instructions to BIDDERS, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for sixty (60) days after the day of Bid opening. BIDDER will sign and submit the Agreement with the Bonds and other documents required by the Bidding Requirements within fifteen days after the date of OWNER'S Notice of Award.
3. In submitting this Bid, BIDDER represents, as more fully set forth in the Agreement, that:
 - (a) BIDDER has examined copies of all the Bidding Documents and of the following Addenda (receipt of all which is hereby acknowledged):

Date

Number

- (b) BIDDER has familiarized itself with the nature and extent of the Contract Documents, Work, site, locality, and all local conditions and Laws and Regulations that in any manner may affect cost, progress, performance or furnishing of the Work.
 - (c) BIDDER has studied carefully all reports and drawings of subsurface conditions and drawings of physical conditions which are identified in the Supplementary Conditions or in Section 5.03 of the General Conditions covering the technical data contained in such reports and drawings upon which BIDDER is entitled to rely.
 - (d) BIDDER has obtained and carefully studied (or assumes responsibility for obtaining and carefully studying) all such examinations, investigations, explorations, tests and studies (in addition to or to supplement those referred to in (c) above) which pertain to the subsurface or physical conditions at the site or otherwise may affect the cost, progress, performance or furnishing of the Work as BIDDER considers necessary for the performance or furnishing of the Work at the Contract Price, within the Contract Time and in accordance with the

S.C. 4 – Coordination with Private Utilities

It shall be the responsibility of the CONTRACTOR to coordinate work with private utility owners. The CONTRACTOR shall not be entitled to an adjustment in Contract time for project delays due to relocation or protection of in place private utilities resulting from inadequate coordination as determined by the ENGINEER.

S.C. 5 – Regulatory Agencies

In addition to the regulator agencies listed in the Standard General Conditions of the Construction Contract, the Specification, and elsewhere in this Contract, the following regulatory agencies have jurisdiction:

1. Watershed
2. MN Department of Natural Resources
3. US Army Corps of Engineers

S.C. 6 – Supervision and Superintendence

The following shall be in addition to 7.01 of the Standard General Conditions.

1. If the CONTRACTOR is not in compliance with this section he shall be assessed at a rate of \$500.00 per day, to be deducted from the Mobilization bid item, as the Engineer determines the CONTRACTOR has not complied.

S.C. 7 – Specifications

The following additions, removals, or modifications to the Specifications apply:

01100 – Mobilization

- A. Contractor shall construct project in phases identified in plans unless approved by Engineer.
- B. Contractor shall submit phasing plan and project schedule, including schedule of each phasing area, to Engineer at least 1 week prior to project public hearing.
- C. A non paved driving surface shall be allowed only in one phase at a time unless approved by Engineer.
- D. Approval of Engineer shall be required before starting construction in a different phase.
- E. Each area must be substantially completed within 12 weeks of removal of existing pavement.
- F. Substantial completion of an area includes placement of base course pavement.
- G. And deviation of phasing plan shall require approval of Engineer.
- H. Any additional mobilizations of subcontractors required to construct project in phases shown on construction plans shall be considered incidental.
- I. A permit is required from the US Army Corps of Engineers prior to installing storm sewer from APR 52A to APR 53A, APR 58 to APR 60, as well as working in each of the three ditches in Phase B. The City has applied for permit and approval is expected prior to 8/1.

01400 – Erosion Control

01400.35 Erosion Control Supervisor

The CONTRACTOR shall provide an Erosion Control Supervisor in accordance with MnDOT Specification 2573.3 A.

01400.7 Execution

If the CONTRACTOR is negligent in adhering to erosion control requirements of the project plans, specifications, applicable permitting, or the direction of the ENGINEER they may be
