

First Editions® Neon Burst™ Dogwood

Cornus alba 'ByBoughen' PP27,956

This new introduction from Bylands Nursery in British Columbia has attractive chartreuse foliage and is a compact selection growing 4-5' tall. It has good sun and heat tolerance, retaining bright leaf color throughout summer without scorching. New leaves are tinged with bronze and the stems have a rich red hue early in the season. Fall foliage becomes a rainbow of purple, red, yellow and orange. In winter the stems turn glossy scarlet red. (CPBRAFF)
