

Trees	Scientific Name	Type	Sale Size	Mature Size	Native	Wildlife Value	Description	Shape	Light Needs	Resident Price	Non-Resident Price
American Linden	<i>Tilia americana</i>	Shade - overstory	6'	80' x 60'	Yes	Moderate	Has large, heart-shaped green leaves that turn pale yellow in the fall. Creamy yellow flowers hang in clumps during the summer, attracting pollinators.	Upright Rounded	Sun - Partial Shade	\$35.00	\$40.00
Kentucky Coffeetree	<i>Gymnocladus dioica</i>	Shade - overstory	Wh 6'	75' x 50'	Yes	Low	This tree is highly adapted to pollution and a wide range of soils. Drought-resistant. Has greenish-white flowers in the spring and small green leaflets that turn yellow in the fall. Produces leathery, reddish-brown seed pods that persist through winter.	Upright Irregular	Sun	\$30.00	\$35.00
Ohio Buckeye	<i>Aesculus glabra</i>	Shade - overstory	LB 3'x7/8"	40' x 40'	No	Moderate	This medium sized tree has green leaves early in the spring along with clusters of greenish-yellow flowers. Notable for production of dark brown nuts with tan eye. Leaves turn yellow-orange color with hints of red in the fall.	Upright Irregular	Sun - Partial Shade	\$25.00	\$30.00
Prairiefire Crab Apple	<i>Malus 'Prairifire'</i>	Ornamental-understory	LB 6'	20' x 15'	No	High	Most notable for its showy, dark pink flowers that last throughout the spring. The glossy leaves are maroon in spring, dark green with red veins in summer, and bronze in fall. Highly adaptable and disease-resistant.	Upright Rounded	Sun	\$30.00	\$35.00
Prairie Expedition Elm	<i>Ulmus americana 'Lewis & Clark'</i>	Shade - overstory	OR 4'	55' x 60'	No	Moderate	This large umbrella-like tree has dark green serrated leaves that turn bright yellow in the fall. It's highly adaptive to many environmental conditions and is resistant to Dutch Elm Disease.	Upright Rounded	Sun	\$30.00	\$35.00
River Birch	<i>Betula nigra</i>	Shade - overstory	6'	70' x 60'	Yes	High	This rapidly growing tree is notable for its unique cinnamon-colored curling bark. It produces brown and green catkins in the spring. It is relatively resistant to birch borer.	Upright Oval	Sun - Partial Shade	\$30.00	\$35.00
Silver Queen Maple	<i>Acer saccharinum</i>	Shade - overstory	1yr LB 6'	50' x 40'	Yes	High	Has large green leaves with a silvery underside that turn pale yellow in the fall. Produces small red, yellow, and silver clusters of flowers in early spring.	Upright Rounded	Sun - Partial Shade	\$25.00	\$30.00
Snowdance Japanese Tree Lilac	<i>Syringa reticulata 'Snowdance'</i>	Ornamental-understory	LB 3'	20' x 20'	No	Low	This small tree produces large clusters of creamy white flowers during the summer, attracting pollinators. Has pointy, dark green leaves and smooth reddish bark. Resistant to diseases and pests.	Upright Spreading	Sun	\$30.00	\$35.00
Evergreens											
Balsam Fir	<i>Abies balsamea</i>	Conifer	15-18" #1 Container	75' x 25'	Yes	High	Has short, dark green needles year-round and a spicy fragrance. Works well as screen and windbreak tree. Produces dark purple cones. Great nesting and overwintering habitat for songbirds.	Pyramidal	Sun - Partial Shade	\$25.00	\$30.00
White Pine	<i>Pinus strobus</i>	Conifer	18-24" #2 Container	80' x 40'	Yes	High	A hardy tree with long, soft bundles of blue-green needles throughout all seasons. Produces long brown cones. Works well for wind breaks. Great nesting and overwintering habitat for songbirds.	Pyramidal	Sun - Partial Shade	\$25.00	\$30.00
Shrubs											
Black Lace Elderberry	<i>Sambucus nigra 'Eva'</i>	Shrub	1yr #1	8' x 8'	No	Moderate	Has dark purple, finely cut leaves similar to the Japanese maple. Nicely contrasted to creamy pink flowers in the spring. Produces blackish-red berries in the fall which can attract birds or be harvested for wine or jam.	Loosely Rounded	Sun	\$9.00	\$11.00
Bud's Yellow Dogwood	<i>Cornus sericea 'Bud's Yellow'</i>	Shrub	6"	8' x 7'	No	High	Large, hardy shrub with spreading branches. Has small clusters of white flowers late spring, white berries mid summer, green leaves during summer that turn bright yellow in fall, and yellow branches throughout winter.	Rounded	Sun - Partial Shade	\$9.00	\$11.00
Common Witch-hazel	<i>Hamamelis virginiana</i>	Shrub	18"	25' x 20'	Yes	High	Irregular branching pattern and dark green leaves make for an interesting, ornamental shrub. Yellow, ribbon-like flowers bloom late fall through early winter. Seeds are attractive to songbirds. Host plant for the spring azure butterfly.	Open Spreading	Sun - Shade	\$9.00	\$11.00
Issai Beautyberry	<i>Callicarpa dichotoma</i>	Shrub	18"	4' x 5'	No	Moderate	This bushy green shrub has arching branches that fill in down to the ground. Has pink trumpet-shaped flowers from early to mid summer. Notable for ornamental violet berries from early to late fall.	Rounded	Sun - Partial Shade	\$9.00	\$11.00

Trees	Scientific Name	Type	Sale Size	Mature Size	Native	Wildlife Value	Description	Shape	Light Needs	Resident Price	Non-Resident Price
Magic Carpet Spirea	<i>Spirea japonica 'Magic Carpet'</i>	Shrub	12"	2' x 2'	No	Moderate	This compact shrub has clusters of small pink flowers in late spring and early summer that attract pollinators. New leaves are bright red, with bright gold mature foliage and a rich russet fall color.	Rounded	Sun	\$9.00	\$11.00
Mango Tango Potentilla	<i>Potentilla fruticosa 'Mango Tango'</i>	Shrub	12"	2' x 2'	No	Low	This compact shrub has yellow flowers with orange centers from late spring to early fall. Attractive to pollinators. Small, ferny leaves stay light green throughout the season.	Rounded	Sun - Partial Shade	\$9.00	\$11.00
Fruits											
Chipman Red Rhubarb	<i>Rheum 'Chipman Red'</i>	Fruit	1yr Med	2.5' x 3'	No	Low	Hardy plant with large red edible stalks and a crisp sweet taste that is perfect for jams and pies. Harvest season is throughout the summer. Has large ornamental green leaves and white flowers in early to mid summer.	Rounded	Sun - Partial Shade	\$5.00	\$7.00
Luscious Pear	<i>Pyrus 'Luscious'</i>	Fruit	S-333 1" CVI	20' x 12'	No	High	Hardy plant that produces sweet yellow-green pears in the fall. Most commonly used for fresh eating. Produces showy white flower clusters in the spring and the leaves turn deep purple in the fall. Needs to be planted near another pear tree to bear fruit.	Upright Spreading	Sun	\$25.00	\$30.00
Parker Pear	<i>Pyrus 'Parker'</i>	Fruit	S-333 7/8 CVI	35' x 8'	No	High	This tasty, reddish-brown pear is great for fresh eating, baking, and jams. Harvest season is in late summer. The tree produces showy white flowers in the spring and dark green leaves turn a deep purple in the fall. Needs to be planted near another pear tree to bear fruit.	Upright Spreading	Sun	\$25.00	\$30.00
SnowSweet Apple	<i>Malus 'SnowSweet'</i>	Fruit	S-M7 9/18 CVI	10' x 10'	No	High	This cold hardy, disease-resistant tree produces firm red apples with a sweet taste and a hint of tartness. The apples remain crisp and resist browning after cutting. Harvest season is mid fall. Produces the best fruit when planted near other apple trees.	Upright Spreading	Sun	\$25.00	\$30.00
Sparkle Strawberry	<i>Fragaria 'Sparkle'</i>	Fruit	1yr #1	1' x 1'	No	High	This self-pollinating, cold hardy strawberry is known for its outstanding sweet flavor, which is great for fresh eating, freezing, and jams. Harvest season is late June.	Low Spreading	Sun	\$2.00	\$4.00
