Plymouth Parks & Recreation offers inclusion services. If you have questions regarding special needs and our inclusion services, please call 763-509-5200.

INCLUSION POLICY

Plymouth Parks & Recreation prides itself on providing quality programs and activities for people of all abilities. To create the best recreation experience for people with and without disabilities, we require a minimum of two weeks advance notice before the start of a recreation program or activity.

No refund will be issued due to the lack of an inclusion aide if you register less than one week from the start of the program.

To ensure that each participant has the best possible experience, follow these steps:

- » Register and notify Recreation staff of any special needs a minimum of two weeks in advance.
- » Complete and return the Participant Information Form.

Having proper technique is fundamental to your growth in table tennis. Whether you have learned to play table tennis on your own or you have been training with the coach and you want to get better at your strokes, this camp can be a good opportunity to get better at your technique. There is always room to grow and excel in your technique. In this camp we will be focusing on improving your technique of different strokes and teaching you how to get more consistent in your rallies. In addition to improving your technique we will be focusing on improving your footwork as well so that you can be efficient with your movements.

Week 2. Service and service return

Understanding the spin, contact of the ball with the racket, body positioning are some of the things we will be looking at to help you to get better at returning the services of your opponent. We will be also helping you to understand your own service, what to expect from opponents' return and how to improve it. In this camp you will also learn new services, and improve the ones you have.

Week 3. Game strategy and footwork

Sometimes using the right strategy against your opponent or changing your game strategy when it is not working can be a very important part of the result of the match. Understanding players' style, developing your own game strategy and how to change your strategy according to your opponent's style are some of the topics that will be covered in this camp. Come and join to get better at your game strategy in table tennis!

The practice of Yin Yoga is a slow and restorative style that involves relaxing the body right up to ones' healthy edge, really feeling into each and every part of the body, especially any areas of pain. When we breathe in deeply while our bodies are outstretched, we are able to release tension. This process results in feeling more balanced and less restless, giving back more strength and energy than it takes away. Great for people who stand all day, are tense, inflexible, or experience anxiety. Zoom available by request - Contact Recreation Department. Instr: PR Brady. No program: 5/31.

SEATED YIN

Zoom

Yin Yoga involves relaxing the body right up to ones' healthy edge—wherever your edge may be. Yin lives halfway between active exercise and total stillness, and it can be done seated in a chair! If your body is craving movement, but finds it challenging to get down to a yoga mat, seated Yin may be just what you need. If you stand or sit all day, are tense, inflexible, or have contraindications that keep you from the floor, this class is for you. Instr: PR Brady. No program: 6/1.

SKATING

Plymouth Skate School

offers a fun and safe learning environment for students of all ages and abilities to learn how to skate.

GENERAL INFORMATION

- Beginning levels are required to wear helmets.
- Skaters MUST be at least 4 years old by the start of the class – no exceptions will be made.
- Rental skates – available for \$5/lesson.
- Parents are not allowed on the ice during class time.
- For safety reasons, no shoes allowed on the ice.

PROPER ATTIRE

Skaters will benefit more from a lesson with proper skates. We prefer boots be of leather rather than vinyl and they should have strong ankle support. Skates should not crease or buckle when worn, and should fit to the foot size and not have excess 'room to grow'. Blades should be of high tempered steel and properly sharpened. Double runner blades are NOT allowed.

It is important that all skaters are warm and comfortable while skating. We suggest dressing in layers and request all skaters to wear mittens or gloves.
