Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Plymouth is a Community Development Block Grant (CDBG) Entitlement Grantee and a member of the Hennepin County Consortium, which includes suburban Hennepin County as well as the cities of Bloomington, Eden Prairie and Plymouth. This document contains those sections of the Consortium Action Plan with information specific to the City of Plymouth and its CDBG programs. The City of Plymouth will utilize CDBG funds to achieve the goals that best serve the housing and community development needs of the City and the Consortium.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Plymouth will carry out activities that will provide for the preservation of the City's housing stock, improve housing affordability, provide essential social services, and support fair housing activities. The city will continue to provide 0% interest deferred loans for housing rehabilitation and first-time homebuyers city-wide. The City will also provide capital funding to assist with the rehabilitation of special needs rental housing and with acquisition of property for inclusion in a community land trust. Lastly, the City will provide CDBG funds to support social services and fair housing implementation.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Plymouth has a long history of actively working to preserve and upgrade the condition of its housing, maintain housing affordability, and provide needed social services. The CDBG-funded single-family rehabilitation loan program (including lead-based paint abatement) and first-time homebuyer loan program have been a successful and important part of these efforts. Each year the City evaluates its performance relative to its Consolidated Plan goals through the Consolidated Annual Performance Evaluation Report (CAPER). For the past year, the City has been on track to meet all of its Consolidated Plan goals for the period from 2020-2024.

Fair Housing continues to be a focus of the City of Plymouth. Past funding has provided for testing and other activities that are coordinated by Hennepin County - the lead agency of the consortium. The City, as part of the consortium, focuses this activity based upon the results of the Analysis of Impediments that is completed by the metro-wide efforts of the Fair Housing Implementation Council (FHIC) and has assisted in implementing the recommendations made.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Plymouth is part of the Hennepin County Consortium, and therefore the City's Action Plan is part of the Hennepin County Consortium Action Plan. The City has a Citizen Participation Plan that mirrors Hennepin County and other Consortium members' Citizen Participation Plans, which calls for the Hennepin County Consortium Action Plan to be made available for public comment 30 days prior to its submission to HUD.

In addition to public hearings conducted by the County Board, the City of Plymouth held a public hearing to receive comments regarding the annual projects and activities to be funded. The Plymouth Housing and Redevelopment Authority held a public hearing on February 24, 2022 and asked the public to comment on the proposed activities. Notice of the public hearing was published in the official local newspaper and on the City's website which offers translation services to the four most commonly spoken languages in the City – Hmong, Somali, Russian and Spanish. The City of Plymouth holds these public hearings at times and locations convenient to potential and actual beneficiaries.

As a result of a reduction in the 2022 CDBG allocation amount from what was anticipated to be \$292,810 at the time the first public comment period and public hearing on the Program Year 2022 draft Annual Action Plan was held in February and March, 2022 respectively, the City of Plymouth reissued a 30-day public comment period from July 28, 2022 through August 30, 2022 to clarify how the funding reduction will be applied. At the time the draft Annual Action Plan was released, the City disclosed that if a reduction in funding occurred from the federal CDBG funding award, it would either reduce the Housing Rehabilitation activity or the Program Administration allocation. With a final 2022 CDBG award amount of \$281,379, the City of Plymouth will reduce the proposed funding for the Housing Rehabilitation allocation from \$120,000 was outlined in the draft Annual Action Plan for Program Year 2022 to \$108,569 in actual funding.

Technical assistance is provided to any group representing very low and low-income persons that want to develop funding proposals for any of the programs covered by the Consolidated Plan. The City of Plymouth meets regularly with concerned agencies and groups to review and discuss affordable housing efforts and to identify ways in which the City of Plymouth can better serve the entire community with our resources including CDBG funding.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City held a public hearing at the February 24, 2022 Housing and Redevelopment Authority meeting. Written comments were also accepted for 30 days after publication of the Notice of Public Hearing was submitted in the local newspaper. Notice was also featured on the City's webpage. Representatives from three (3) social service organizations that were proposed for an allocation of CDBG funds were in attendance to speak on their organization's mission and previous activities funded through CDBG. No other public comments were received.

As noted above in section 4, the City also had a second 30-day public comment period from July 28, 2022 through August 30, 2022 to allow the public to comment on the final recommended funding allocation as a result of a decrease in the final Program Year 2022 CDBG funding award from the Department of Housing and Urban Development. Upon close of the public comment period, all comments will be considered prior to City Council taking action on the final funding amounts for the Annual Action Plan for Program Year 2022.

6. Summary of comments or views not accepted and the reasons for not accepting them

None of the comments or views presented during the citizen participation process were not accepted.

7. Summary

Plymouth will carry out activities that will provide for the preservation of the City's housing stock, improve housing affordability, provide essential social services, and support fair housing activities. The city will continue to provide 0% interest deferred loans for housing rehabilitation and first-time homebuyers city-wide. The City will also provide capital funding to assist with the rehabilitation of special needs rental housing and with acquisition of property for inclusion in a community land trust. Lastly, the City will provide CDBG funds to support social services and fair housing implementation.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The development of the Hennepin County Consortium Consolidated Plan was led by Hennepin County. Because many of the agencies that work within the city also work county-wide, it was determined that only one contact needed to be made to these organizations. The responses in this section reflect the work completed by Hennepin County and outlined in the overall Consortium Consolidated Plan as well as work completed by the City of Plymouth.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

These activities are coordinated by Hennepin County at the local level. One of Hennepin County's services to enhance coordination includes development of a unit to focus specifically on housing stability for all county clients. Their work is to develop strategies to enhance prevention, support, and development of housing to meet the needs of residents within the county. Additionally, the county works with the City of Plymouth to provide assistance through the Continuum of Care department which works with HOME funds and the Office to End Homelessness.

Where appropriate, staff refers organizations and service agencies to each other to coordinate efforts. The City of Plymouth coordinates with programs such as PRISM's Rapid Rehousing which helps to make emergency payments to keep residents in their homes for a short period of time as well as working with TreeHouse to address youth in unstable living situations. The City has a close relationship with Hennepin County and refers any resident that may have additional home or mental health needs to a network of people within the County that are equipped to address issues that may arise for the City of Plymouth. The City of Plymouth also works with residents through the public safety department and the code enforcement department to assist in getting residents the help they may need. The City also works with Interfaith Outreach to refer residents to their Neighborhood Program which helps to build healthy and connected neighborhoods that can assist one another.

The City of Plymouth HRA works to connect residents that may have housing issues with tenant advocacy groups such as HOME Line and HousingLink to help assist with finding housing that can accommodate the needs of residents.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Coordination is completed by the Minneapolis/Hennepin County Continuum of Care and the Office to End Homelessness. If a resident of Plymouth is facing homelessness, the City would first refer to the program through the County to help assist the resident's issues. Additionally, the City would contact partner agencies such as Interfaith Outreach's Neighborhood Program, PRISM's Rapid Rehousing Program, or possibly Lutheran Social Services of MN to assist with potential foreclosure counseling depending on the needs of the resident. Hennepin County Coordinated Entry works with agencies in the Northwest Metro. The city works to contact Continuum of Care staff at Hennepin County to assist with Plymouth residents that are at risk of or experiencing homelessness.

The Minneapolis/Hennepin County Continuum of Care (CoC) & Hennepin HHS's Housing Stability convene CoC members around specific target populations (Youth Collaborative, Family Services Network, Veteran Committee) and intervention types (Shelter Efficiency Network, The Outreach Group) in order to coordinate and develop new collective strategies to make homelessness rare, brief and non-recurring. The CoC's Executive Committee coordinates these strategies, and the Funding Committee evaluates existing and proposed projects for service and reallocates funds to meet emerging needs.

All homeless designated housing programs that receive public funding are required to fill all vacancies through referrals from the Coordinated Entry System (CES). This allows for a system-wide assessment and prioritization of people most in need of each housing type. All permanent supportive housing projects prioritize chronically homeless persons and families, considering chronicity, length of time HUD homeless, and disability status, alongside household preferences.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

N/A - Plymouth is not a recipient of ESG funds.

Hennepin County HHS' Housing Stability Department is the Collaborative Applicant for the Minneapolis/Hennepin County Continuum of Care (CoC). The Continuum of Care Coordinator and CoC planning staff work with Hennepin County ESG staff to comply with the CoC regulations set forth in 578.7 & 578.95 by: 1) Establishing a CoC Governing board with both Hennepin CoC and ESG staff included in the membership. 2) Conduct an annual Needs & Gaps Analysis to establish priority populations and needs based on data to inform funding decisions. 3) Establish CoC Written Standards for providing CoC assistance. 4) Designate and Operate an HMIS system. 5) Established working committees that focus on all 6 components of our homeless response system to assure alignment across CoC and ESG resources for each. In addition, Hennepin County has research staff dedicated to monitoring homelessness trends and outcomes. ESG funds are awarded based on a request for proposal process that is combined with other homeless assistance funds to maximize coordination and results. CoC Committees members regularly sit on funding approval committees for ESG and other funds. On behalf of this jurisdiction, the CoC funds the administration and works closely with the HMIS system administrator to implement HMIS data standards. The CoC and ESG jurisdictions contribute to our statewide HMIS system with a 2% contribution to assist with HMIS Data Standards compliance for CoC and ESG funded projects. The CoC holds an annual meeting to solicit feedback from community members, providers, and policy makers on the gaps and challenges facing the community and hosts extensive focus groups and community conversations with people who are experiencing homelessness.

Identify any Agency Types not consulted and provide rationale for not consulting

Plymouth was actively involved in the Consortium consultation, development, and citizen participation process led by Hennepin County for the 2020-2024 Consolidated Plan. All agency types were consulted through the Consortium's Consolidated Plan development and goal-setting process. For this Action Plan, which is the second annual Action Plan in the 2020-2024 Consolidated Plan cycle, some agency types were consulted again in order to assess whether substantial trends or changes had occurred since the Consolidated Planning process.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
		The Plymouth CDBG Action Plan and Five-Year Consolidated Plan identified homelessness
Continuum of Care	Hennepin County	prevention activities as important goals. This includes direct homelessness prevention
		housing assistance as well as foreclosure prevention counseling and tenant advocacy to
		prevent eviction.
		The Plymouth CDBG Action Plan and Five-Year Consolidated Plan have significant overlap
		with the Plymouth Comprehensive Plan. In particular, both the CDBG Action Plan and the
Comprehensive Plan	City of Plymouth	Housing section of the Comprehensive Plan identify several goals related to providing
		affordable and well-maintained housing that is accessible for all income levels, household

		According to the 2020 ACS 5-year data profile, 92.7% of Plymouth residents have a
		computer while 87.0% have a broadband internet connection. In Minnesota, households
		with lower incomes are less likely to have a broadband subscription at home, hurting their
		ability to complete homework, search for better jobs, and stay connected to the world.
MA-60 Broadband	City of Plymouth	According to data from the Federal Communications Commission, households in all areas

		providers. Further, 98.5% of the population is served by at least three providers. Access to
		broadband provider options is not clearly associated with low and moderate-income
		neighborhood clusters, in suburban Hennepin County and by extension, Plymouth.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
		In 2018, Hennepin County's Emergency Management division put together a hazard
		mitigation plan, which includes Plymouth in its scope. The risk assessment process
		measures the potential loss to a community, including loss of life, personal injury, property
		damage and economic injury resulting from a hazard event. The risk assessment process
		allows a community to better understand their potential risk and associated vulnerability
		to natural, intentional human-caused and unintentional human-caused hazards. The
		planning process identified the following consequences could be expected with climate
		change across Hennepin County:- Less reliable and more dangerous lake ice- More periods
		of bare/snow-free ground, allowing frost to penetrate to great depths during cold
		outbreak- Expansion of the heavy rainfall season, leading to enhanced peak stream flows,
		and altered timing of normal flow regime- Increased runoff and flash-flooding as the

		seeing substantial warming during winter and at night, increased precipitation, and heavier

Narrative

The City of Plymouth works closely with the Hennepin County Consortium in the implementation of the Consolidated Plan. The Consortium includes Hennepin County and several units of local government, including Bloomington and Eden Prairie. Staff representing each member of the Consortium meet regularly to coordinate the creation and implementation of the Consolidated Plan, and to share outcomes from each of the cities' housing and economic development programs. The City of Plymouth also works with a variety of State Agencies on different aspects of the plan, such as the Minnesota Housing Finance Agency, the Department of Employment and Economic Development, and the Minnesota Department of Health. Coordination with the State includes utilizing state funding programs for economic development, consulting with state agencies on data and regulations for lead-based paint, and environmental review.

Plymouth also works with the Metropolitan Council to coordinate regional economic/community development goals, as well as affordable housing issues including coordination between the Housing Policy Plan and the Consolidated Plan. Goals in the Consolidated Plan often overlap with Metropolitan Council affordable housing goals for cities.

The Plymouth CDBG program attempts to address the widest range of needs possible despite limited resources. Both the Consolidated Plan and the Action Plan identifies a variety of goals to promote housing affordability, provide suitable and well-maintained housing, and accessibility to needed social services. These goals were developed in consultation with numerous public, non-profit, and private sector partners and agencies during the 2020-2024 Consolidated Plan process and throughout the annual Action Plan processes.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of Plymouth is part of the Hennepin County Consortium, and therefore the City's Action Plan is part of the Hennepin County Consortium Action Plan. The City has a Citizen Participation Plan that mirrors Hennepin County and other Consortium members' Citizen Participation Plans, which calls for the Hennepin County Consortium Action Plan to be made available for public comment 30 days prior to its submission to HUD.

In addition to public hearings conducted by the County Board, the City of Plymouth held a public hearing to receive comments regarding the annual projects and activities to be funded. The Plymouth Housing and Redevelopment Authority held a public hearing on February 24, 2022 and asked the public to comment on the proposed activities. Notice of the public hearing was published in the official local newspaper as well as on the City website. The City of Plymouth holds these public hearings at times and locations convenient to potential and actual beneficiaries. Written comments were accepted in the 30 days leading up to the public hearing as well. No written comments were received.

A second 30-day public comment period held from July 28, 2022 through August 30, 2022 to allow the public to comment on the final recommended funding allocation as a result of a decrease in the final Program Year 2022 CDBG funding award from the Department of Housing and Urban Development.

Technical assistance is provided to any group representing very low and low-income persons that want to develop funding proposals for any of the programs covered by the Consolidated Plan. The City of Plymouth meets regularly with concerned agencies and groups to review and discuss affordable housing efforts and to identify ways in which the City of Plymouth can better serve the entire community with our resources including CDBG funding.

The citizen participation process resulted in three comments in support of the goals outlined in the Action Plan. Because all comments received through the citizen participation process were from funding partners in support of the Plan, no changes to goal-setting were made as a result. Plymouth will consider any future comments received from the public during the 5-Year Consolidated Plan period, either informally or through the formal citizen participation process associated with each Annual Action Plan. All comments received will be evaluated by staff, and

amendments to the goals of the Plan will be considered if warranted. Any resulting changes to Plan goals would be made in accordance with the procedures outlined in the Consortium's Citizen Participation Plan.

An additional \$321,000.00 is utilized for the funding, administration and supervision of the HRA and City affordable housing programs. Additionally, in 2021, the HRA approved a supplemental allocation of \$300,000; \$150,000 to the Housing Rehabilitation Loan Program and \$150,000 to the First-Time Homebuyer program to provide a significant increase
			0	0	0	0	0	in program operations.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The HRA intends to pursue all possible resources to address its Consolidated Plan & Action Plan goals. There are no specific matching requirements associated with Plymouth's CDBG program, although any opportunities to provide/obtain matching funding will be pursued. For example, clients of the Housing Rehabilitation Loan program are occasionally able to match their Plymouth CDBG loan with grants or loans from

Annual Action Plan 2022 other programs, such as for lead abatement.

In addition, Interfaith Outreach & Community Partners (IOCP) has been a very supportive partner of Plymouth's efforts to further affordable housing goals. To this end, IOCP has a significant housing fund to assist in funding affordable housing efforts both in Plymouth and the region.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Plymouth owns two senior rental housing developments. Plymouth Towne Square, developed in 1994, has provided 99 affordable housing units / subsidized senior housing units through an annual amount of Plymouth HRA tax levy ranging from \$250,000.00 to \$320,000.00. By providing a deep subsidy, the HRA is working to help the residents at PTS obtain decent, affordable housing and to avoid homelessness. Plymouth Towne Square averaged an occupancy of 99% in 2021. Vicksburg Crossing, built in 2006 with 96 units, offers affordable rents to low- and moderate-income residents. The HRA Board sets rents on an annual basis. A subsidy of \$18,000-\$60,000 from the HRA tax levy helps keep rent levels affordable. Vicksburg Crossings averaged an occupancy of 99% in 2021.

The HRA also purchased a 0.6-acre vacant parcel in Plymouth to build and operate a twin home, called Valor Place. The twin home (single building, two units) would be made available to veterans of the armed services whose households are at 60% AMI. The HRA will own and operate the homes with dedicated reserves to keep the rent levels affordable.

Discussion

The City of Plymouth utilizes a variety of federal, state, and local funding sources to meet the goals identified in this plan. This includes sources used on a recurring annual basis such as CDBG, Section 8, state housing agency programs, and the local HRA tax levy. Additional sources such as LIHTC, TIF, and housing revenue bonds have been used on a case by case basis in the past and will continue to be pursued when and where appropriate.

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The activities supported directly by the HRA include administering an owner-occupied rehabilitation program and a FTHB program - both programs serve LMI individuals and households in the Plymouth community well, allowing us to assist households to be able to stay and maintain their homes and become FTHBs with some additinal support. In addition, we plan to support a land trust home to support affordable homeownership in Plymouth. The land trust model can be an effective strategy for supporting homebuyers in markets with high median home prices by helping to create more affordability through the write-down of the land in the transaction. While median home prices contiue to rise in Plymouth, providing subsidy into a land trust home helps extend affordability throughout the 99-year land lease, creating future affordability at

the time of sale. In addition, we support fair housing activities, homebuyer education and foreclosure prevention, homelessness prevention, a tenant hotline to help tenants preserve affordable rental housing, at-risk youth, and minor home maintence support for LMI seniors. By supporting six organizations with public services funding, we are able to expand support for more comprehensive housing needs in our community. Two of the biggest obstacles to addressing underserved needs include the relatively high median home price here (\$480,000 accoridng to MAAR in May 2022 in Plymouth) that present barriers to entry for many prospective homeowners, as well as continued supply chain issues and contractor labor shortages that imapct our owner-occupied rehab clients and create delays in project close-out (window suppliers in particular seem to face long delays).

2	Project Name	First Time Homebuyer Assistance
	Target Area	City of Plymouth
	Goals Supported	Direct homebuyer assistance
	Needs Addressed	Preserve/Create Single Family Homeownership
	Funding	CDBG: \$69,000

Description	This program provides direct homeownership assistance to low and moderate-income first-time homebuyers who wish to purchase a single-family home, condo, cluster home, or townhouse in the City of Plymouth. The program provides financial assistance to eligible families through 0% interest deferred loans of up to \$35,000 to pay for eligible closing costs, up to 50% of the required down payment, and a reduction of a portion of the mortgage principal.
Target Date	6/30/2023
Estimate the number and type of families that will benefit from the proposed activities	The HRA expects to assist three households with direct homeownership during the program year.
Location Description	The program is available city-wide to low- and moderate-income households purchasing their first home. The home being purchased may be located anywhere within Plymouth. The households purchasing the home are not required to have resided in Plymouth prior to purchasing the home.
Planned Activities	The program provides assistance to low and moderate-income first-time homebuyers who wish to buy a single-family home, condo, cluster home, or townhouse in Plymouth. The program provides financial assistance to eligible families through 0% interest deferred loans of up to \$35,000 to pay for eligible closing costs, up to 50% of the required down payment and a portion of the mortgage principal reduction. Applications are accepted throughout the year on a first-come, first-serve basis. Loans must be repaid if the property is sold, transferred, non-homesteaded, or 30 years from the initial purchase date, when the mortgage becomes due and payable. Due to a tight housing market within the City of Plymouth, there is expected carryover that will be used to help fund the program through the 2022 program year, as well as a small amount of program income.
Project Name	Affordable Housing Land Trust
Target Area	City of Plymouth
Goals Supported	Direct homebuyer assistance
Needs Addressed	Preserve/Create Single Family Homeownership

Funding	CDBG: \$60,000	
Description	The Plymouth HRA will provide a grant to Homes Within Reach to assist with the acquisition of one home in the City of Plymouth. This home will be part of Homes Within Reach's Affordable Housing Land Trust and will be made available for purchase to a low/moderate-income family.	
Target Date	6/30/2023	
Estimate the number and type of families that will benefit from the proposed activities	The HRA expects to assist with the purchase of 1 home that will be made available for purchase by a low/moderate income family as part of the West Hennepin Affordable Housing Land Trust.	
Location Description	The home purchased will be located within the City of Plymouth. It is not a requirement that the family that purchases the home resides in Plymouth prior to the purchase.	
Planned Activities	The West Hennepin Affordable Housing Land Trust (WHAHLT, dba Homes Within Reach) runs a community land trust where low- and moderate-income homebuyers purchase property, but only pay for the value of the physical structure. Homes Within Reach leases the land to the homeowners so that the purchase price is substantially more affordable. Plymouth's grant will assist with acquisition of a property located within the city, and Homes Within Reach will use a variety of other funding sources including county, state and private donations to rehabilitate the home.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The HRA CDBG programs will be available to low/moderate income households city-wide and will not be geographically targeted.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Investments are not targeted geographically but are instead available to low/moderate income households city-wide. Investments are not targeted geographically because the City of Plymouth has no areas of concentrations of low/income or minority households nor any areas of concentrations of housing problems. This policy allows the City to serve as many low/moderate income households as possible throughout all areas.

AP-75 Barriers to affordable housing -91.420, 91.220(j) Introduction

The City of Plymouth works whenever possible to assist with making housing affordable through programs offered by the City including the Rehabilitation and Emergency Programs for repairs, the First Time Homebuyer Program for new homeowners as well as through social service funding to assist with housing costs and maintenance.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City is addressing affordable housing barriers in a variety of ways including the support of new affordable housing developments, entry cost assistance to first time homebuyers through down payment assistance and participation in a community land trust, tenant and homeowner education and support services, and rehabilitation assistance. The City is closely involved with researching and addressing impediments to fair housing. The City uses some of its CDBG funding to support HOME Line, a tenant advocacy and hotline organization. Finally, the City works with and supports developers to include affordable housing in their developments.

Discussion

The City will continue to support currently operating programs as well as participating in regional opportunities to address affordable housing issues. The City will continue to assist with making housing affordable citywide.

AP-85 Other Actions - 91.420, 91.220(k) Introduction

Despite limited funding, the Plymouth CDBG program is designed to meet a wide range of needs, including assisting social services, affordable housing, and reducing lead-based paint hazards. The City works with a variety of public, non-profit, and private industry partners to accomplish its community development goals, both through the CDBG program and through other resources. Through a constant continuation of contact with our subgrantees, we were able to identify that there is still a need for tenant services and tenant advocacy, a rising need for funding to senior aging in place services due to rising demand and client volume, a steady continuum of youth services was identified through TreeHouse services, and PRISM has a continued need for rapid rehousing services as well as community services such as the food shelf. The City of Plymouth will be working with Interfaith Outreach to assist with a program related to education and employment through housing assistance, and will assist Lutheran Social Services with additional existing programs to supplement assisting homeowners and potential homebuyers with counseling and outreach.

Actions planned to address obstacles to meeting underserved needs

The City will continue to identify obstacles, such as lack of affordable housing, to unmet and underserved community needs and support the goals established in the 2020-2024 Consolidated Plan. The City's approach to meeting these affordable housing needs is to assist renters in purchasing homes by providing down payment and closing cost assistance combined with counseling and education to low to moderate income families. In order to preserve the affordable housing stock "Restrictive Covenants" have been placed on a number of new units built. These Restrictive Covenants run with the land for a period of 20 years and contain restrictions on the transfer of the property only to someone who is a low to moderate income resident. To preserve and expand the supply of decent, safe, and affordable housing, the City will provide financial assistance for rehabilitation and repair of owneroccupied units to low to moderate income families.

Additionally, the Housing and Redevelopment Authority recently updated its strategic plan. This plan represents a high-level view of the HRA's policy goals over the next five years, beginning in 2021, and will help guide the HRA, including actions to address obstacles to meeting underserved needs.

Actions planned to foster and maintain affordable housing

The portion of 2022 CDBG funds allocated to the Housing Rehabilitation Program allows low-income homeowners to stay in current housing while allowing the City to maintain a stable affordable housing base. The City and HRA make every effort to create affordable rental and owner-occupied housing opportunities as well as provide provisions that new developments remain affordable for years to come.

Although not funded with CDBG, the City has required an annual inspection of residential rental

properties since 1994 to determine Code compliance and health or safety violations that need correction. This program ensures that rental properties are well maintained and that no substandard rental units are licensed in the City. The City Building Inspection Department currently inspects multifamily rental properties annually and single-family rental properties every three years.

Finally, depending on fund availability, assistance recipients may be referred to Hennepin County's Healthy Homes program, which offers up to \$10,000 in funding for lead paint detection and removal.

Actions planned to reduce the number of poverty-level families

Through its various programs, the City of Plymouth will identify and assist people and families that are below the poverty level when possible. We will utilize our network of social service agencies and where applicable assist them through CDBG resources and programs as well as local programs offered through the City of Plymouth, the Plymouth HRA and local non-profits. Programs that the City of Plymouth works with include tenant advocacy through HOMELine, a Rapid Rehousing Program through PRISM that helps assist with making mortgage or rent payments for a short period of time, a housing and educational program through Interfaith Outreach that helps with paying rent while a resident goes through a schooling or workforce development program to become more self-sufficient and earn higher wages, and housing and financial counseling through Lutheran Social Services that assists with helping families make good financial decisions that will reduce poverty. Senior Community Services helps lower income seniors with needed home maintenance through their HOME program by assisting with small handyman projects as well as yard maintenance to assist with aging in place especially for homeowners that own their home. TreeHouse gives resident youth a safe place and assists with programs to further education and assist homeless youth.

PRISM and Interfaith Outreach can also assist with basic needs through their food shelf and clothing programs that provide items to families that may be experiencing poverty and need these items for

basic living.

Actions planned to develop institutional structure

The City of Plymouth has and will continue to coordinate with other institutions in the delivery of housing and community development programs. When possible, the City seeks to leverage its CDBG funds by coordinating with other state and local programs. For example, Plymouth has coordinated with Hennepin County to obtain Healthy Homes grant funding for lead-based paint hazard reduction for clients using our CDBG Housing Rehabilitation Loan Program. This allows households to remove lead-based paint hazards from the home while utilizing the CDBG funding to make other needed repairs, resulting in a greater impact to the living environment for the household.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Plymouth has developed and continues to maintain strong collaborative relationships with other housing providers and social service agencies. The City has worked over the years to develop handicap accessible housing units with People Responding In Social Ministry (PRISM), Metropolitan Interfaith Council on Affordable Housing (MICAH), Interfaith Outreach, and Habitat for Humanity.

The HRA requires recipients of their First Time Homebuyer Programs to attend homebuyer workshops presented by an accredited Home Stretch organization. At the end of the training period, the family is eligible to purchase the home.

Discussion

The City of Plymouth uses all available resources through the City, County, and state to assist homeowners and renters within the City. Any time that the City of Plymouth is alerted to a resident with housing needs, the response is to coordinate with other departments and agencies to assist that resident.

Discussion

Program Income (PI) is received through the repayment of deferred zero interest loans made in previous years through the First Time Homebuyer and Housing Rehabilitation programs. When PI is received it is typically immediately reprogrammed to support current First Time Homebuyer and Housing Rehabilitation loan activities (depending on where the need/activity is greatest at the time the PI is received). The receipt of PI is somewhat unpredictable as it is generally triggered when previous loan

recipients sell or refinance their homes. All PI received to date has been reprogrammed to support First Time Homebuyer and Housing Rehabilitation activities during the 2021 program year. The HRA anticipates receiving approximately \$92,000 in PI before the start of the 2022 program year and will reprogram it to support projects during that program year. This estimate is based on PI received to date and checks yet to be cashed.

In addition, the HRA anticipates receiving approximately \$40,000 in PI during the 2022 program year that will also be reprogrammed to support projects during the program year. This estimate is based on loan repayment trends over the past five years. Since several activities carried out by the HRA and social service agencies do not require immediate expenditure of the full amount of funds awarded, there will be a delay of several months between grant award and when a draw of funds will occur. The HRA intends to float-fund \$15,957 in order to maintain award amounts.

The HRA does not have any funds or proceeds from section 108 loan guarantees, surplus funds, or grant funds returned. The HRA also does not have any CDBG-assisted activities which qualify under the "urgent need" National Objective.

The HRA estimates that 100% of its CDBG funds will be used for activities that benefit persons of low and moderate income. This includes all of the HRA CDBG-assisted activities other than Program Administration (planning, management, monitoring, and evaluation of the overall CDBG program).
