

Hinnomaki Red Gooseberry

- **Botanical Name:** Ribes uva-crispa 'Hinnomaki Red'
- **Height:** 3 - 5 feet.
- **Spacing:** 36 inches.
- **Spread:** 3 - 4 feet.
- **Light Required:** Full Sun
- **Yield:** Up to 4 - 5 lbs. per plant when mature.
- **Color:** Greenish Yellow
- **Size:** 12-15 In. Bareroot
- **Blooms:** Mid Spring, Late Spring, Early Summer, Mid Summer, Late Summer
- **Fruit:** Deep red large fruit. Sweetest of all gooseberries.
- **Zone:** 3-6
- **Form:** Deciduous. Upright.
- **Flower Form:** White blossoms.
- **Soil Requirements:** Well-drained, moist soil.
- **Growth Rate:** Moderate.
- **Pruning:** Younger branches bear the fruit, so older, weakened or damaged branches can be trimmed out. Prune regularly in winter and summer to maximize fruit production.
- **Foliage:** Grape leaf-like shape. Green foliage in summer and red in fall.
