Suchitra Raghavan

Suchitra Raghavan is a talented artist who specializes in Tanjore painting, a traditional Indian art form that originated in the town of Thanjavur in the southern state of Tamil Nadu. Known for its rich colors, intricate designs, and use of gold foil and precious stones to create a three-dimensional effect, Tanjore painting is a complex and beautiful art form. Suchitra has been passionate about this art since the age of 21 and has mastered it over the years. Her painting themes include gods, goddesses, saints from Hindu mythology, and landscapes. In addition to creating her own paintings, Suchitra also teaches young artists as she believes in connecting the past with the present through her art.
