

Plymouth Parks and Recreation STEM Birthday Parties

Hosted in Partnership with The STEM Lab of MN

STEM-tastic parties that are down to a science! Celebrate your birthday or special event with The STEM Lab of Minnesota at the Plymouth Community Center. Our team takes care of set-up and clean-up so that you can enjoy the experience along with your child.

What's Included?

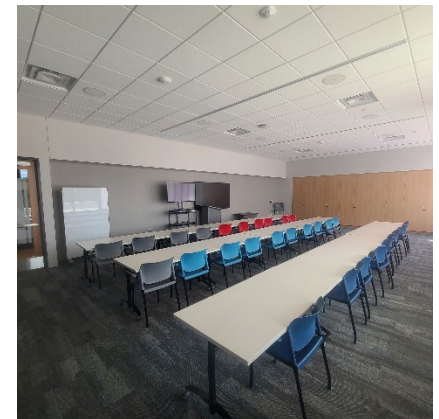

- Party for 10 children (\$15 per additional child. Maximum of 16 children).
- Parties include gear to look the part and themed party favors completed during the party.
- 1 hour 45 minutes in a private room (includes set up and clean up).
- 75 minutes of instructor-led STEM project and all equipment/materials.
- Optional add-on of cotton candy \$2/child
- Last 30 minutes for renter-led activities (cake, opening gifts, food, etc.).
- Room includes a sink & electrical outlet. No refrigeration or microwave available.

Plymouth Parks and Recreation STEM Birthday Parties

Hosted in Partnership with The STEM Lab of MN

| Party Theme | Description | Take Home | Ages | Cost |
|---------------------------|---|--|------|------|
| Sparkle Science | Be amazed with sparkly science demonstrations, then experiment with colorful & sparkly science experiments! | lab coat, safety goggles and sparkly experiment | 4-7 | 360 |
| Wind and Bubbles | An excellent celebration for younger kids. With many hands-on activities involving air and bubbles, your child will have the best STEM party ever! | lab coat, safety goggles and bubble equipment | 4-7 | 360 |
| Cosmetic Chemistry | Using open flames and scientific equipment, young chemists mix up usable lip balms then create designer labels and packing. All ingredients are nut free and all natural and/or organic: beeswax, coconut oil, coconut butter, shea butter, safflower oil, olive oil, vitamin E, mica powder, flavor. | lab coat, safety goggles and lip balm | 8-14 | 360 |
| Crazy Chemistry | This exciting and immersive party includes endothermic/exothermic reactions, dry ice, Chemical Luminescence, the Mentos challenge and more! | lab coat and safety goggles | 7-14 | 450 |
| Super Science | An exciting science show with hands-on audience participation then a fun science activity that is sure to entertain as little scientists mix up their own squishy experiment. | lab coat, safety goggles and squishy experiment | 5-12 | 360 |
| Dinosaur | Create a reverse dinosaur fossil then race to excavate and assemble a set of dinosaur skeleton puzzles. End the party by customizing your own dinosaur snot. | Dinosaur mask, reverse dinosaur fossil and dinosaur snot | 5-12 | 360 |
| Space | Party alongside an "astronaut" and be amazed with anti-gravity water. Then engineer a balloon hovercraft and race straw rockets! | astronaut vest, glasses, balloon hovercraft | 5-12 | 360 |
| Magic | A fun science based "magic" show that is sure to entertain with hands-on audience participation. Guests will learn the "magic" behind age-appropriate trick(s) to "wow" their friends! | magic hat, wand and magic trick(s) | 5-12 | 360 |
