

## Xcel Energy Rebate Projects and Amounts

				City of Plymouth Rebate	
Customer Type	Category	Requirements	Xcel Rebate	Climate Vulnerability Rate	Standard Rate
Heating Customers	Air Sealing	Reduce CFM50 by at least 15%, use Xcel approved contractor	40% of project cost up to \$600	50% rebate match up to \$300	25% rebate match up to \$150
	Attic Insulation	Pre-job r-value of 19 or less and a post-job r-value of 49 or greater, Use Xcel approved contractor	40% of project cost up to \$1,200	50% rebate match up to \$600	25% rebate match up to \$300
	Wall Insulation	Pre-job must be an empty wall cavity and post-job r-value of 11 or greater, Use Xcel approved contractor	40% of project cost up to \$1,200	50% rebate match up to \$600	25% rebate match up to \$300
Cooling Only Customers	Air Sealing	Reduce CFM50 by at least 15%, Use Xcel approved contractor	40% of project cost up to \$45	100% rebate match up to \$45	50% rebate match up to \$22.50

	<b>Attic Insulation</b>	Pre-job r-value of 19 or less and a post-job r-value of 49 or greater, Use Xcel approved contractor	40% of project cost up to \$120	100% rebate match up to \$120	50% rebate match up to \$60
	<b>Wall Insulation</b>	Pre-job must be an empty wall cavity and post-job r-value of 11 or greater, Use Xcel approved contractor	40% of project cost up to \$75	100% rebate match up to \$75	50% rebate match up to \$37.50
<b>Electric Customers</b>	<b>Electric Heat Pump Water Heater</b>	Indirect units, commercial water heaters and rated heat pump water heaters with storage volume greater than 80 gallons are not eligible. Must use Xcel approved contractor	\$400	100% rebate match \$400	50% rebate match \$200
	<b>Smart Electric Heat Pump Water Heater</b>	Indirect units, commercial water heaters and rated heat pump water heaters with storage volume greater than 80 gallons are not eligible. Must use Xcel approved contractor	\$500	100% rebate match \$500	50% rebate match \$250

	<b>Ground Source Heat Pump (GSHP)</b>	Efficiency Minimums: 16 EER or 16 EER2; 3.3+ Coefficient of Performance (COP), Must use Xcel approved contractor	\$500/ton	\$750	\$375
	<b>Mini-Split Heat Pump (MSHP)</b>	Efficiency Minimums: 15.2 SEER2, 9.3 EER2, 8.5 HSPF2, Must use Xcel approved contractor	\$1,600	\$500	\$250
	<b>Cold Climate Mini-Split Heat Pump (ccMSHP)</b>	Efficiency Minimums: 16.0 SEER2, 9.0 EER2, 9.5 HSPF2, Must use Xcel approved contractor	\$2,000	\$600	\$300
	<b>Air Source Heat Pump (ASHP)</b>	Efficiency Minimums: 15.2 SEER2, 9.6 EER2, 7.8 HSPF2, Must use Xcel approved contractor	\$1,100	\$400	\$200
	<b>Cold Climate Air Source Heat Pump (ccASHP)</b>	Efficiency Minimums: 15.2 SEER2, 10.0 EER2, 8.1 HSPF2, Must use Xcel approved contractor	\$1,500	\$500	\$250
<b>Lawn Equipment</b>	<b>Electric Push Lawn Mower</b>		\$75	100% rebate match \$75	50% rebate match \$37.50

	<b>Electric Riding Lawn Mower</b>		\$200	100% rebate match \$200	50% rebate match \$100
